

## Meet our new secretary: Tammy Engel

My name is Tammy Engel, I am 44 years old and I live with my dog Hummer in IJsselstein.

From 1993-2000 I lived in the UK; in Birkenhead – Mersyside to be precise. My now 23-year-old daughter was also born there.

In 2008 I started working at Utrecht University, at the financial department of The Faculty of Veterinary Medicine. In 2011 all the financial departments from the different faculties moved to the Administration Building and formed ASC (Administrative Service Centre). In October 2015 I wanted to gain experience working as a secretary and the department Communications & Marketing gave me this opportunity. It was something totally different and I learned a lot from the secretaries that work there.

As of last May, I am supporting Emke and Anne Claire at MCEC & ARC CBBC till the end of the year. I really enjoy my work a lot. I look forward to meeting all of you one day.
